

CHIHULY JERUSALEM CYLINDERS

T PORTLAND PRESS

June 13, 1999

Dear Mighty [Jackson Chihuly],

Greetings from 37,000' once again en route to Jerusalem—my fourth trip to Israel since Izzika's memorial service two years ago when I started talking to Shosh about Izzika's concept of—"CHIHULY IN THE LIGHT OF JERUSALEM 2000." It's been loads of fun planning this project, Mighty, and dreaming up new installations for the Citadel—that extraordinary castle in the old city of Jerusalem. And now I'm off with 30 people from Chihulyland along with another crew of 30 from Israel. Twenty days from now, all 15 installations will be complete. You and your mom will be coming for the last week of all this activity—you're going to love Jerusalem, Mighty—just wait and see.
